MEMORANDUM FOR: Deputy Director for Operations

Bill:

1. I have reviewed the recent IG Survey of the EA Division. I understand there is a difference of opinion with regard to the IG's recommendation #3--it deals with operational reporting requirements and the paperwork load that you impose. Though I have already asked you informally about the paperwork requirements which exist in your Directorate, I request that you personally arrange for a review of overall operational reporting requirements in order that they be reduced as much as possible. I would be particularly interested in any means you can employ to stabilize these requirements throughout the Directorate.
